## *General Information*

### **THIS IS OUR THIRD ANNUAL SHOW AND SALE**

**Judging will start at 9:30 A. M., Thursday, May 20th**

Due to the large number that are to be sold this auction will start promptly at 1 P. M.

**LOCATION**—The Sale will be held at the Fair Grounds, Butler, Pennsylvania. Butler is located only 28 miles north of Pittsburgh, on Routes 8 and 422. Intersecting roads make Butler easily accessible from all parts of Pennsylvania, New York, Ohio and the South.

**TERMS**—The terms of the sale are cash unless other arrangements are made in advance with the consignor from whom you purchase. Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction. All stock will be at buyer's risk as soon as bid off but the management will assist in loading on cars or trucks in compliance with instructions from purchasers.

**GUARANTEE**—Each and every animal in each of the herds from which these cattle have been selected have been tested for T. B. and Bangs within one year of sale date, without one suspicious or positive reactor, and each animal selling has again been tested within 30 days of sale date. Health certificates will be furnished to enable them to be shipped into any state or territory. Bulls are guaranteed breeders if properly cared for and not allowed to run with the herd. If a bull fails to breed, he may be returned to the seller, if in as good condition as when bought and if, after a test in the seller's herd he still fails to breed he will be replaced or the purchase money will be refunded. All cows with calves at foot are considered breeders and no further guarantee is made with respect to them. All other cows and all heifers over sixteen months old at the time of sale are guaranteed to be breeders. Animals returned to sellers because they do not comply with guarantee will be at buyer's costs of transportation.

A certificate of registry properly transferred will be furnished for each lot sold and an application for registry will be furnished for each calf sold at foot and for each unborn calf sold in dam.

Where footnotes appear in this catalog, they were furnished by the consignors or written from information supplied by the consignors.

We will not be responsible for any accidents that may occur, but will make every effort to provide for the safety and comfort of our guests.

The above guarantee and terms shall constitute a contract between consignor and buyer of each lot. Neither the sale manager, the association, nor the clerk of the sale, assumes any liability, legal or otherwise.

**MAIL BIDS**—Those wishing to buy at this sale who cannot be present may send their bids to C. D. Swaffar or Clint Tomson of the American Shorthorn Breeders Association, Hal Longley and Ed Huff of the Shorthorn World, or J. E. Halsey of Wallace's Farmer, or F. W. ## *A Personal Invitation from The Consignors*

The producers of Shorthorns throughout Pennsylvania extend you a cordial invitation to attend our Shorthorn Show and Sale on Thursday, May 20 1948 at the Fair Grounds, Butler, Pennsylvania. We are extremely proud of our offering—females of exceptional blood lines and impressive bulls.

The cattle offered have been consigned by responsible producers within Pennsylvania with a few exceptionally good ones from Ohio and New York State. These herds have been in operation for many years. Their cattle are healthy. They are prolific. They comprise outstanding bulls and females of the Shorthorn breed.

We will welcome as our guests, breeders of Shorthorn cattle, members of 4-H clubs, farmers, ranchers, bankers, business and professional men and ladies. You will enjoy the show. You will find the individuals you need whether for herd improvement or for foundation purposes.

**Hotel Accommodations** are offered through the Nixon Hotel, Butler Pennsylvania, only a short distance from the Sale Grounds. Its rooms are clean. They are comfortable. The dining room affords the best in foods—a wide variety. Those from a distance planning to stay over night should arrange for accommodations in advance at the Nixon Hotel.

### **SHORTHORNS BEST IN EVERY WEIGH**

Shorthorn bulls have been in greater demand in the last year to increase the weight and scale of range herds than ever before in the history of the breed. This means that producers are finding increased PROFITS resulting from the GREATER WEIGHT AND EARLIER MATURITY OF SHORTHORN BLOOD. Everywhere a revamping of type and quality of cattle breeds is being done THE SHORTHORN WAY. Help yourself to EXTRA PROFITS with Shorthorns and Polled Shorthorns. Plan to attend this sale.

# COMPLETE DISPERSION

OF THE HERD OF

**G. WAYNE BROWN**

Butler, Pennsylvania

---

*Consisting of*

**2 BULLS**

**12 FEMALES**

**5 CALVES AT SIDE**

WOODSHADE LEADER 2nd 2327249

---

This herd is headed by our good sire, Woodshade Leader 2nd, Grand Champion Bull at the 1947 Ohio State Sale. He was bred by Geo. W. Fisher & Sons, and is a son of Broadhooks Leader. Several of his calves will be sold at this sale. They are dark red, short and blocky, and out of grand young females.

This herd is composed of all young females, carefully selected as a foundation stock to promote the breed in Western Pennsylvania. Ill health has forced us to abandon our plans and we will disperse this herd while it is still young and vigorous. Look over the pedigrees of these young females, examine the calves of our herd sire and you will find here good foundation stock for any herd anywhere.

Those unable to attend the sale may send buying orders to Fred W. Smalstig, Sales Manager, 925 Constance St., N. S., Pittsburgh, Pa., or to the owner in person. All bids will be faithfully executed.

☆ Grand Champion bull at the Ohio State Sale, April 1, 1947. This bull stands on short legs with good depth of body. His sire, Broadhooks Leader, an International Congress first prize winner, sired the Grand Champion bull, the Champion pair, the first prize "get-of-sire," the first prize pair of bulls, and the first and second prize pair of calves at the 1946 Ohio State Fair. Several of his calves will be sold at this sale—they are dark red, short and blocky. Only at a dispersal would you get an opportunity to buy a bull of this proven type.

☆ You will be amazed at the depth of body and shortness of legs. She is wide in front, carries her width all the way back and is closely coupled. When you see this cow and note her breeding, then you will fully appreciate the wisdom of placing such a cow in your herd. She was bred to Edellyn Utmost Mercury 2379065, December 23, 1947.

The Shorthorn is setting the pace today . . . Are yours helping?

☆ It isn't often you get a chance to buy a heifer with as many top bulls in her pedigree. Every sire in this pedigree was an International Champion or has an International reputation as a breeder of top cattle. Harry McCann's father told me I bought a great heifer when I bought Bellevue Marie Queen. He never could be more right. This calf is too young to bring her true value but if you will give her a little care she will reward you richly for your confidence.

☆ Acorn Helen freshened March 19th and sells with a bull calf at her side. Helen is a beautiful roan heifer with a pedigree packed with breeding of very popular renown. Notice, especially the third bracket of her pedigree. Her calf is sired by Juniata Red Bates, a thick dark red bull, whose breeding carries such individuals at Natick Portia 2nd, dam of a number of noted bulls. Helen should not leave our herd, but fortunately for the prospective purchasers at this sale, we believe less than her kind would not represent our cattle.
